5th Annual European Conference on Python in Science

# EUROSCIPY 2012

to be held in Belgium at

## Université Libre de Bruxelles

### Conference chairs
Pierre de Buyl & Didrik Pinte

### Program chair
Tiziano Zito

### Tutorials chair
Valentin Haenel

### Keynote speaker
David Beazley

### Program committee
Gaël Varoquaux
Stefan Van Der Walt
Konrad Hinsen
Emmanuelle Gouillart
Mike Müller
Hans Petter Langtangen
Pierre De Buyl
Kael Hanson

### Organizing committee
Pierre de Buyl • Nicolas Chauvat • Mike Müller • Emmanuelle Gouillart • Kael Hanson • Nicolas Pettiaux

### Topics
Presentations of scientific tools and libraries using the python language • vector and array manipulation • parallel computing • scientific visualization • scientific data flow and persistence • algorithms implemented or exposed in python • web applications and portals for science and engineering • reports on the use of python in scientific achievements or ongoing projects • general-purpose python tools that can be of special interest to the scientific community, etc.
